About me

I am a computer science student who loves to convert my ideas into real-life working applications. I am always looking forward to upskilling myself by gaining hands-on experience. I want to keep learning and applying my skills to create useful and interesting things that matter.

Education

Computer Science and Engineering (Spl. in AI)

Sathyabama Institute of Science and Technology • Chennai, Tamil Nadu

Skills

Python, Data structures and algorithms, Backend development, SQL, NoSQL, Front-End Development, Flask, REST API, Machine Learning, Data Processing, Data Visualization, Linux

Experience

Project Intern

Samsung PRISM
11/2021 - 04/2022

Worked on fields like data handling, data processing and data visualization using python.

Backend & API developer

TUFIDCO • Chennai, Tamil Nadu
06/2022 - Present

Developing a RESTful API with user and admin endpoints.
